On multiple-day tours of six or more days in duration, seat rotation may be implemented at DayTripper Tours’ discretion. Performance venue seats are assigned from front to back within our group block in the order your reservation is confirmed with deposit. Due to box office policies on performing arts tours, we can only provide general seating sections such as “orchestra” or “balcony” and cannot provide specific seat numbers, rows, or honor special seating requests.

Cancellation Protection Plan (CPP): DayTripper Tours offers an optional Cancellation Protection Plan (CPP) for most one-day and multi-day tours that depart from San Diego by Motor Coach. The CPP allows you to cancel your reservation for any reason up until two hours before your scheduled departure time. You will receive a full refund of your tour fare plus any add-on options. CPP does not pay for the single supplement of the remaining traveler when a traveling companion cancels from a double occupancy reservation. The CPP is not insurance, but rather an agreed-upon cancellation fee paid in advance for the right to cancel a reservation according to the terms stated in this section. CPP is not offered on certain ticketed events or on tours that include air, rail or cruise travel.

Travel Protection for Air, Rail and Cruise Tours: DayTripper Tours offers travel insurance provided through both “Travel Insured International” and Travel Guard. These companies provide a variety of Travel Protection options on tours involving air, rail and cruise vacations, and as an alternative to the CPP. Please call for details and/or an insurance application.

Age Restrictions: All scheduled tours will operate rain or shine unless the main attraction of a tour is canceled by the service provider, or when travel to the destination is officially declared unsafe or inadvisable by government officials, in which case you will be notified as soon as possible and issued a full refund, transfer or credit. Should you desire special accommodation or equipment to assist with any physical limitation, please call (800) 679-8747 and press zero. An agent is available 24/7 to process your request. Cost of the CPP for one-day and multi-day motor coach tours is $5 for each $50 increment of the full, non-discounted tour fare above $50. On day tours, the CPP is deducted from the tour fare, and on multi-day tours, the CPP is deducted directly from your credit card. For tours involving air, rail, and cruise vacations, a $10 per person per day travel insurance fee is assessed. This fee is non-refundable and non-transferable.

Motor Coach Etiquette: All motor coach tours are non-smoking. Pets are not allowed on any DayTripper Tours’ motor coach tours unless you have a service dog and can provide proof and documentation on the service dog’s needs in the event of an emergency. DayTripper Tours reserves the right to refuse passage to anyone who, in our sole opinion, is not appropriately dressed or is making unreasonable noise or engaging in behavior that will disturb other passengers. DayTripper Tours assumes no liability for loss, theft, damage, personal injury or citations arising from the locations at which passengers’ automobiles are parked, including at DayTripper Tours’ short-term or long-term gated parking lots, where parking is permitted. When home pickup and return is included as part of a tour, the home pickup is limited to a radius of 35 miles from San Diego International Airport. A surcharge will be added to distances beyond this radius.

Special Requests: If you have a physical limitation that may affect your ability to participate in your tour, we encourage you to purchase the CPP in advance of your tour. Additional seating choices are available for disabled persons. In the event that a comparable number of seats is not available, you will be asked to purchase an additional seat before boarding the motor coach. There is always the possibility that the tour will be fully booked and two seats will not be available together, which could compromise your ability to participate in your tour. We therefore strongly encourage you to purchase the second seat at the time you make your reservation. DayTripper Tours is committed to complying with all applicable provisions of the Americans with Disabilities Act (ADA) and its corresponding state and local laws. It is our policy not to discriminate against anyone because of a disability. In line with this policy of nondiscrimination, if your need for an additional seat is because of a disability, we ask that you inform us of your need for a reasonable accommodation at the time of booking your reservation. In this instance, an additional seat will be provided to you at no cost if available. Special arrangements other than those described, such as special hotel room or airline seating requests, will be gladly considered upon written request to the appropriate vendor on your behalf. However, since these requests lie outside our contracts with our suppliers, DayTripper Tours cannot guarantee nor assume responsibility for the outcome of those requests.

Passenger Responsibilities: All passengers assume responsibility for following all tour procedures, safety regulations, Tour Manager instructions, and displaying acceptable patterns of behavior while traveling with DayTripper Tours. We reserve the right to refuse service to anyone who, in our sole opinion, may affect the health, safety or enjoyment of other passengers on a tour, either prior to departure or during the tour. Should it be necessary for a passenger to return home while a tour is in progress due to one of these responsibilities, any travel expenses incurred are the sole responsibility of the passenger.

Motor Coach Etiquette: For the comfort and enjoyment of all travelers on a tour we ask each passenger to observe the following motor coach etiquette: 1) Silence your cell phone while on the coach and refrain from making loud phone calls; 2) Wait until the tour is in motion before exiting or entering the coach; 3) Practice good hygiene by not consuming food or using strong smelling or fragrant items; 4) Maintain a respectful tone of voice when conversing in consideration of those with sensitivities and allergies; 3) Maintain a low volume on personal conversations and pause your conversation when the Tour Manager is addressing the group.

Disabilities & Passenger Health: DayTripper Tours makes reasonable accommodations to our disabled guests. Motor coaches equipped with a wheelchair lift should be requested as far in advance as possible. Enquiries related to reasonable accommodations should be directed to the service provider. Travelers with mobility devices lifted into the passenger cabin are secured in place and considered the disabled guest’s assigned seat for the duration of the tour. Passengers should be in good mental and physical health to fully participate in the group tour experience, as most tours involve walking, free time and step-climbing or other physical activities that may not be suitable for everyone. DayTripper Tours reserves the right to decline the sale of a tour based on their personal limitations prior to making a reservation. Tour Managers and motor coach drivers are unable to provide personalized assistance; therefore, persons with special needs should be accompanied by an individual who will take full responsibility to assist them during the tour and in the event of an emergency.

Service Dogs: Service dogs trained to perform specific tasks for a disabled person are permitted by law on DayTripper Tours excursions. Advance notification is preferred, as it allows us to better prepare to accommodate the service dog’s and disabled person’s needs. For the comfort and safety of others, emotional support dogs and pets are not permitted on the tours.

Travel Protection Plan for Air, Rail and Cruise Tours:

Age Restrictions: Our excursions are designed with the needs and desires of mature travelers in mind; therefore, we are unable to accept travelers under the age of 18 except by special request. When permission is granted, a responsible adult must accompany and supervise all children under the age of the 18 at all times.

Travel into Mexico: No children under the age of 18 are permitted to travel on a DayTripper Tours excursion into Mexico. All passengers are responsible for determining the requirements for their particular situation and for obtaining all required documents and information by calling the INS at (619) 693-7000 or by contacting the Travel Industry Association of America, or any other reliable source. Failure to comply with a request will result in detention at the border and require alternate transportation home at the passenger’s expense.

Customers of Size: DayTripper Tours is committed to providing a comfortable and enjoyable experience for all of our customers. As part of this commitment, we require the purchase of an additional seat for any customer who cannot comfortably fit within the boundaries of one seat on the motor coach. Although there are slight differences in seat size depending on the coach used, the width of the seat typically measures between 17” and 19” inches. If you are traveling alone and will not be able to fit in a seat of this size without encroaching upon any part of the neighboring seat, we require that you purchase a second seat at the discounted price of $69 per day if available. An additional seat may be purchased by individuals traveling alone as an accommodation to assist with any physical limitation. The purchase of the second seat on any DayTripper Tours tour is $5 for each $50 increment of the full, non-discounted tour fare above $50. Unavailable for individual sale and in the event of an emergency.

Motor Coach Etiquette: All scheduled tours will operate rain or shine unless the main attraction of a tour is canceled by the service provider, or when travel to the destination is officially declared unsafe or inadvisable by government officials, in which case you will be notified as soon as possible and issued a full refund, transfer or credit.

Room Share Guarantee: DayTripper Tours will provide the services and facilities of your vacation package as described in our catalog and confirmed on your invoice. Special meals and dietary needs fall outside our contract with service providers and cannot be accommodated. If you prefer special arrangements other than those described, such as special hotel room or airline seating requests, we will gladly consider your request in advance. Your request will be directed to the appropriate vendor on your behalf. However, since these requests lie outside our contracts with our suppliers, DayTripper Tours cannot guarantee nor assume responsibility for the outcome of those requests.

Photo Waiver: During the course of an excursion the Tour Manager and fellow travelers may, and often do, take photographs and videos in order to share the experience on social media platforms and on DayTripper Tours’ social media accounts. By participating in the tour, you may appear in one or more of the photos or videos. By joining a DayTripper Tours excursion you are giving your consent to be photographed and/or recorded and to have your appearance and voice used in any and all media throughout the universe and in perpetuity without notice or compensation.

Liability: DayTripper Tours acts solely as an agent in arranging for and coordinating various services and facilities of your vacation package. Although DayTripper Tours’ motor coach tours and activities are conducted by qualified companies and individuals, DayTripper Tours is not responsible for the acts of others engaged in conducting those services or by any act, strike, or default of Providence or other events beyond our control. Buildings were to fit into the landscape, using existing trees and rocks as precious objects to build around. Palm Springs Aerial Tramway

Ascend on a spectacular journey aboard the Palm Springs Aerial Tramway, the world's largest rotating tram car, as it travels over 2.5 miles along the breathtaking cliffs of Chino Canyon, transporting you from the desert floor to the wilderness of Mt. San Jacinto State Park. Construction of the Tramway began in 1961 and was an engineering challenge, but the project was soon labeled the "Eighth Wonder of the World." The superlative was earned because of the ingenious use of helicopters in erecting four of the five supporting towers. Twenty-years later, the Tramway was designated an historical civil engineering landmark. Upon arrival at the Mountain Station explore the observation decks and museum, or sip a cocktail in the lounge. We also visit the historic Palm Springs Village to enjoy an included lunch at Sherman's New York style deli and restaurant. Note: This tour encounters elevations up to 8,500 feet.
